

JACKET K

red coloured multi-purpose Polyester Jacket

Quality made in Germany

Special Hoses

Construction

- Jacket** 100 % polyester high tenacity yarn, circular woven warp threads 2-ply twisted
Twill weave
- External Coating** thin polyurethan coating to fix the jacket, standard colour red
improves the dirt resistance compared to uncoated hoses
- Elongation** max change in length 3 % at a load of 1 - 250 kg
no change in diameter

Internal diameter		Flat width*	Weight**	Wall thickness***
mm	inch	mm	g/m	mm
38	1 ½	60	95	1,00
52	2	82	145	1,00
65	2 ½	101	164	1,00
75	3	118	241	1,00
90	3 ½	141	269	1,00
102	4	159	304	1,00
110	4 ⅓	171	403	1,00
125	5	194	458	1,00
150	6	237	574	1,00

* tolerance of ± 2mm

** tolerance of ± 10%

*** tolerance of ± 0,3mm

Quality made by Parsch

JACKET K

red coloured multi-purpose Polyester Jacket

Characteristics

good abrasion resistance and long service life
external resistance to oil, fuel and chemical products
ageing and ozone resistant – weather resistant
lightweight and flexible – easy to coil
minimum maintenance and easy to clean
cold resistant to – 30 °C
heat resistant up to + 80 °C

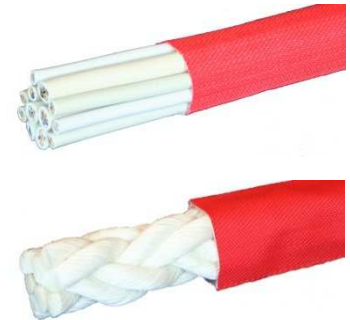

Applications

bundling of cables and wires
as protection hose for chains, belts, ropes, steel
wire ropes or hydraulic hoses
mechanical engineering
building construction
electrical and cable industry
vehicle construction

Supply Lengths

coils up to 100 m
maximum length up to 1.000 m, continuous, lapped
